Roosevelt, Theodore

Aug 1914

May 21st, 1914

Hon. Theodore Roosevelt,

Oyster Bay.

Dear Mr. Roosevelt:

You have, I understand, received an invitation from the President of the Literary and Scientific Society of University College, Toronto, asking you to be their guest of honor at the annual Open Meeting of the Society next autumn. The President has asked me to support their invitation, which now I very gladly do. The function is entirely an undergraduate function and must be under their direction, but I do not need to assure you that if you come the University as a whole will regard it as a privilege that such a distinguished guest should visit the University, and we would hope to make your visit agreeable to you as it would be a pleasure to ourselves.

Yours sincerely,

President.
